

Elevate to world-class innovation

HPE Education Services for HPE ProLiant servers

From core to cloud, HPE ProLiant servers are transforming data center business expectations and economics with the world's most intelligent servers. Are you realizing their true potential for your business?

Tap into the true potential of your HPE ProLiant servers

HPE ProLiant servers can help you focus on key areas of IT transformation that will help you increase agility and flexibility, reduce costs, grow revenue and profits, manage risk, and improve your customers' and employees experience to help you compete in the mobile-cloud era.

Taking advantage of the unmatched technical expertise provided by HPE Education, enables your team to be trained to:

- Optimize performance, scalability, and availability
- Simplify deployment, management, and maintenance
- Reduce costs and accelerate return on investment

The curriculum provided by HPE Education allows you to tailor the training for each team member according to specific technologies or ecosystems under their responsibility.

It enables them to take the step from using HPE technology to leveraging it for innovation on behalf of your company.

The HPE ProLiant portfolio—choice to meet your needs

The breadth and depth of the HPE ProLiant server portfolio offers you the flexibility of matching the workload and server to give you your desired IT outcome. Our HPE Education portfolio includes training on:

- HPE ProLiant Rack and Tower Servers: For simplified operations and increased availability in both scale-up and scale-out architectures.
- HPE BladeSystem: For increased agility with converged compute, storage, network, and virtualization.
- HPE ProLiant Moonshot and Apollo Server Systems: For high-density, workload-optimized compute with enhanced performance and improved economics.
- HPE Server Infrastructure, Operating System, and Virtualization Management: To provide the complete ecosystem that best meets your business needs.

HPE Education provides a full range of training for supporting and managing HPE ProLiant workloads

HPE Education for HPE ProLiant server workloads

Core business application

- HPE ProLiant Rack and Tower
- HPE BladeSystem

Highly scalable environments

- HPE Apollo Server Systems
- HPE Moonshot System

Virtualized and cloud workloads

- HPE ConvergedSystem
- HPE Converged Infrastructure

HPE Education for HPE ProLiant workload management

- HPE BladeSystem
- HPE ProLiant server administration

- HPE OneView
- HPE Insight Control

- HPE Virtual Connect
- VMware
- Virtualization

- Operating systems
- Linux
- Microsoft

HPE Certification

The right education for the right person

The HPE Education portfolio is designed to meet the specific need of each individual irrespective of whether they are new to IT or seasoned IT professionals discovering new technologies or expanding their skill set. The curriculum falls under the following categories:

- **Awareness:** An introduction to technologies and concepts upon which to build.
- **Hardware:** Learn about the architecture and capabilities of a specific HPE ProLiant server or server family.
- **Administer:** Get the best out of your HPE ProLiant server with HPE Insight Control and HPE OneView.
- **Connect:** Use HPE Virtual Connect to reduce complexity and costs at the server edge.
- **Virtualize:** Learn the best ways to virtualize for increased agility and availability.

Anywhere, anytime education and certification

HPE Education makes it easy for busy IT professionals to keep up-to-date with the latest technologies. We offer the following:

- **Classroom:** Instructor-led classroom training (including onsite) in more than 90 training locations worldwide.
- **Online:** Web-based training or virtual instructor-led training for learners that need the training, but can't afford the time and expense of travel and accommodation.
- **Exams:** HPE Certification provides the recognition that learners deserve and ensures your systems are being designed, deployed, and managed to the highest standard.

Simple, flexible purchase

HPE Training Credits for ProLiant Training (HF385) and HPE Training Credits for Total Education offer ultimate flexibility with the most simple and economical way to purchase HPE training. These packages include training that can be used for any of the 200+ different scheduled instructor-led courses offered at HPE Education Centers or more than 3,000 online courses. It provides the flexibility of purchasing training credits and then using them whenever required.

Why HPE Education?

- IDC MarketScape leader 4 years running for IT education and training¹
- Recognized by IDC for leading with global coverage, unmatched technical expertise, and targeted education consulting services²
- Organizations perceive that Technology Vendors such as HPE provide better training than dedicated training firms in terms of quality, breadth and depth of offering, certification, delivery, and IT process training in addition to technical training³
- Key partnerships with industry leaders OpenStack®, VMware®, Linux®, Microsoft®, ITIL, PMI, CSA, and (ISC)²
- Complete continuum of training delivery options—self-paced eLearning, custom education consulting, traditional classroom, video on-demand instruction, live virtual instructor-led with hands-on lab, dedicated on-site training
- Simplified purchase option with Training Credits
