

Ease your transition from old to new IT

HPE Trade-in Programs

HPE Financial Services can help customers find new ways to plan for, acquire, consume and adapt the technology systems needed for business transformation.

The velocity of change in today's IT world is daunting. Driving innovation in your business requires you to be free to acquire and upgrade to advanced IT. IT investment solutions from HPE Financial Services can help you achieve the flexibility to fund your transformation needs. That includes help for you to transition from older IT to new IT. We can help you extract value from older technology that you can apply to new HPE solutions. Get the advanced IT solutions you need and optimize your current IT investments.

Trade in your old IT with the potential to get cash back

Trade-in your older technology, any brand, with the potential to recover value through cash back from resale. We will evaluate your asset's value based on current market demand. Once processed, you can apply the proceeds towards new HPE solutions.

Our trade-in programs include servers and storage infrastructure. Combine a trade-in with a monthly payment solution to acquire a new HPE solution and accelerate your IT plans and goals.

Take advantage of our experience and expertise

Returns can be easy with our pack and ship services. We have experience and expertise to help you securely remove your unneeded technology in compliance with applicable environmental regulations. Your staff will have more time to focus on other priorities. Our sales representatives and channel partners can help you obtain a trade-in quote and start the process.
