### Big Data training

#### Get control with information management

Hewlett Packard Enterprise offers intelligent information ecosystems to manage, secure, govern, and leverage information seamlessly across the enterprise. With innovative technologies such as HPE AppSystem for Hadoop, enterprises can deploy reliable and cost-effective Big Data solutions.

#### Get efficient with information infrastructure

Harnessing the power of Big Data requires an intelligent data center—one that starts with an infrastructure that can capture, store, replicate, and scale information at speeds required by the business. Technologies such as HPE ConvergedSystem, HPE 3PAR and HPE Networking are at the heart of our HPE Big Data information infrastructure.

#### Better business results through Big Data Training

**Knowing what you can do with Big Data is step one. Step two is knowing how to do it.** HPE offers a broad range of in-depth training courses to address your information management and information infrastructure needs. HPE provides comprehensive training support for HPE's **IDOL, Vertica,** and HPE ConvergedSystem 500 and

HPE ConvergedSystem 900 SAP HANA® infrastructure solutions. HPE also partners with Hortonworks to offer dedicated deliveries of the Hortonworks course suite. We combine business insight, hands-on experience, and technical expertise to equip your team and fine tune your Big Data solution.

#### Simplify your training purchase with the HPE Training Credits for Big Data Services (SKU H9P13E/H9P13A1)

Be sure **HPE Training Credits** for Big Data Services (H9P13E or H9P13A1) is included with your HPE reference architecture or AppSystem quote. Since one HPE Training Credit unit equates to one day of training, it is easy to adjust your order to cover all your training needs. Training Credits offer:

- **Convenience:** Purchase prepaid, discounted training credits now. Choose classes, dates, locations, and who to send later (Training credits are valid for 12 months).
- **Flexibility:** Use Training credits for any course offered by HPE Education Services, whether delivered face to face, onsite, or via VILT—virtual instructor-led training.
- **Ease of use:** Redeem one HPE Training Credit unit for one day of Big Data training (per student) in a public class.

## Solution brief

### Information management

### Information infrastructure

#### HPE servers and management software

Introduction to HPE ProLiant Servers 2 days  
**HE643S**

HPE OneView Administration V2 3 days  
**H4C04S**

HPE BladeSystem Administration 3 days  
**HE646S**

#### HPE Storage

Managing HPE 3PAR StoreServ I 3 days  
**HK902S**

Deploying the Mobile-First Campus using ArubaOS-Switches 5 days  
**HOLK6S**

#### Linux

Linux for UNIX® Administrators 5 days  
**U2794S**

#### Governance

ITIL® Foundation for IT Service Management 3 days  
**HF422S**

Information Security Essentials 3 days  
**HL945S**
