With HPE Training Credits for ProLiant and CDI Services, one unit is equal to one day of training for one student in an open enrollment ProLiant, Cloud, ConvergedSystem, or Big Data or course. ProLiant/CDI Training Credits are priced at \$800 USD/\$880 CAD per unit. If you choose to use HF385E/A1 outside of the ProLiant/CDI curriculum, then the dollar value of the courses will be redeemed rather than the number of days. Exceptions may apply.

6 units

Minimum number of recommended units of HF385E (fixed) or HF385A1 (flexible) for each student.

Simplified purchase. Simplified management.

With **HPE Training Credits for ProLiant and CDI Services (HF385E/HF385A1)**, purchasing and managing training for HPE ConvergedSystem is easier than ever. Be sure to ask your HPE Education Services Representative or your Authorized HPE Reseller to include Training Credits with your HPE ConvergedSystem order.

When preparing your order, simply include the total number of training units/days to cover the courses needed for each student. Since one unit of HF385E/A1 ProLiant/CDI Training Credits is equal to one day of ProLiant/CDI/ConvergedSystem training for one student, you can easily calculate and adjust the quantity of units needed to accommodate new students or special needs.

- **Flexible**—Attend training as you need it. There is no need to know student names, dates or even locations in advance. Credits can be used to attend any training offered by HPE Education Services in the US or Canada, including open enrollment classes at HPE Education Centers, live, virtual, instructor-led classes delivered via VILT, and dedicated onsite classes.
- **Practical**—Lock in budget dollars by pre-purchasing Training Credits while funding is available.
- **Convenient**—Minimize the time and effort spent on purchasing and managing training. A single purchasing transaction sets up your HPE Training Credits. Once your Training Credits are in place, students simply enroll for classes as needed—no additional funding, purchase orders or approvals are required.
