

EXIN Foundation Certificate in OpenStack® Software

EXIN Foundation Certificate in OpenStack® software EXAM requires knowledge about the fundamental concepts of OpenStack and an understanding of the architecture, design and deployment of OpenStack. It is a vendor neutral EXAM offered by EXIN, the global independent certification institute for ICT professionals.

Target audience

EXIN Foundation Certificate in OpenStack® is intended for everyone who wants to learn more about OpenStack software. This Exam is suitable for beginners in OpenStack technology as well as the ones who design or build OpenStack infrastructure.

Preparation for the exam

HP Education Services offers a 3-day *H6C68S OpenStack Foundations® (vendor neutral)* course which, *along with some self-study*, prepares candidates for the EXIN Foundation Certificate in OpenStack Software.

- Register for the HP Education Services course, *(H6C68s) Fundamentals of OpenStack® Technology*, at: www.hp.com/education/courses/h6c68s.html
- Review course content via self-study prior to taking the EXIN Exam

Exam content

- Candidates are tested on six categories:
 1. What is OpenStack
 2. OpenStack Compute
