

HP Education Services Course Overview

Building Server Solutions (H1L36S_00930602)

The Building Server Solutions course prepares certification candidates for the Building Server Solutions exam which leads to ATP - Server Solutions certification. The course provides a technical introduction to HP's server portfolio, including Rack and Tower, Enterprise, Moonshot and Density Optimized server solutions. Students learn how to make product recommendations, perform basic installation and startup, and conduct administration and support of HP server products.

Audience

- Consultants, sales engineers, presales engineers, administrators, installation technicians, and support technicians who will work with HP server solutions.

Certifications [Recertification/Upgrade Path] and Related Examinations:

- HP ATP - Server Solutions V2 (coming soon)

Prerequisites

- For specific prerequisites and requirements to achieve any of the above certifications, see the certification description on the HP ExpertOne website.
