## HP Education Services

HODL8S - ADC200 Application Delivery Essentials (Steel App)

This 5-day solution-focused class offers an introduction to the Riverbed® Stingray® Application Delivery Controller solution with hands-on installation, configuration, and reporting experience using the Stingray Traffic Manager, Stingray Aptimizer and Stingray Application Firewall solution with in-depth, hands-on experience with TrafficScript™.

### Audience

- This course is specifically designed for Riverbed® customers and resellers/partners involved in the design or deployment of the Riverbed® Stingray® product family.

### Pre-requisites

- Students attending this class are expected to have a basic understanding of servers, networking and applications but are not required to have a comprehensive background in application delivery, web content optimization (WCO) or web application security.

### Why education services from HP?

- Recognized as an IDC MarketScape leader for IT education (IDC MarketScape: Worldwide IT Education and Training 2012 Vendor Analysis, doc #232870, February 2012)
- Unmatched technical expertise and support for HP products and technologies
- Comprehensive curriculum of job-specific training leading to vendor certification
- Training you need, when and where you need it with our Remotely Assisted Instructional Learning (RAIL)
- More than 30 years of Education Consulting
- Global training with more than 90 training locations worldwide
- Award winning virtual classrooms and virtual labs for a real hands-on experience
