

HP Education Services Course Overview

HP ProLiant Gen9 New Features and Functions (H7H07AEE)

The core objective of this self-paced course is to provide participants with an overview of HP ProLiant Gen9 capabilities, enabling technologies and changes in administration. Core administrative tools and differences from previous HP ProLiant generations are among the new capabilities discussed. Finally, this course will show how key new features of HP OneView will streamline server and infrastructure administration.

Audience

- Administrators, engineers and consultants who install, configure, and support HP ProLiant servers.

Prerequisites

- Recommend that participants are familiar with Gen8 ProLiant Server software and tools. Course also provides learning opportunity for participants new to HP ProLiant Gen9.

Course objectives

- Provide participants with an overview of ProLiant Gen9 administration.
- Identify Gen9 or core administration tools and differences from Gen8.

Benefits to you

- Course provides participants opportunity for quick integration, implementation and use of HP ProLiant Gen9 in their environment.
