

HP My Virtual Lab for VMware vSphere: Install, Configure, Manage [V5.5] H6D01L

Course Overview

HP Education Services offered HP My Virtual Lab is a self-service, self-paced virtual lab environment—complete with instructor support. MyLab extends the learning experience beyond the classroom—reinforcing new knowledge and strengthening skills. MyLab lets you focus on topics that matter the most to you, at your own pace, and at times that fit into your schedule.

This MyLab is targeted to students who have attended the [H6D01S VMware vSphere 5.5: Install, Configure, Manage \(ICM\) \[V5.5\]](#) course from HP Education Services VATC in the US or Canada.

Review the HP My Virtual Lab Access Terms for details.

Price	USD \$400

Course title	HP My Virtual Lab for VMware vSphere: Install, Configure, Manage [V5.5]
HP course #	H6D01L
Category	VMware
Duration	5 days

Special note

Click [here](#) to review a limited time promotion offer.

Audience

- Students who have attended [H6D01S VMware vSphere: Install, Configure, Manage \[V5.5\]](#) course with HP Education VATC first and now want extra practice with the class labs

Prerequisites

- Students must complete the [H6D01S VMware vSphere: Install, Configure, Manage \[V5.5\]](#) from HP Education Services VATCs (in US and Canada only) prior to registering for MyLab
- Students must use the H6D01S Student Lab Guide provided to them in the above class to practice their labs in the MyLab environment

Benefits to you

- Strengthen skills and gain confidence through extra hands on experience in a non-production environment
- Enhance skillsets to ensure a smoother transition to the production environment

- Take advantage of self-paced scheduling and 24 hour access to accommodate demanding schedules
- Deep dive into specific features that matter the most to you
- Get the preparation you need to support certification exams

MyLab Access Terms

- Students can register for the HP My Virtual Lab access after they complete attendance in the [H6D01S VMware vSphere 5.5: Install, Configure, Manage \(ICM\) \[V5.5\]](#) course offered by HP Education Services VATC in US or Canada
- [H6D01S](#) Class Confirmation ID (to verify class attendance at HP VATC) and any applicable promotion codes must be provided at the time of MyLab registration
- Students must register for and complete their MyLab access within 60 days of their [H6D01S VMware vSphere “ICM”](#) training completion
- MyLab registration entitles customers to 5 days of post-classroom remote hands-on lab access. Access will commence on the first Monday following MyLab registration and will run for a period of 5 consecutive days
- Students will have access to MyLab for 24 hours per day, between Monday 8:30am CST/CDT and 5:00pm CST/CDT Friday during their MyLab access week
- Real time support by a VMware Certified Instructor (VCI) will be provided for 8 hours each day (8:30 am-5:00 pm CST). Instructor support will be specific to the labs covered in the qualifying course, [H6D01S VMware vSphere 5.5: Install, Configure, Manage \(ICM\) \[V5.5\]](#)
- The pre-configured MyLab practice environment will be specific to labs covered by the [H6D01S VMware vSphere 5.5: Install, Configure, Manage \(ICM\) \[V5.5\]](#) course. Students must use their [H6D01S Student Lab Guide](#) to practice in the MyLab environment

Course outline

LABS for your PRACTICE

Students will access HP Virtual LAB equipment to practice the following hands-on labs using the courseware lab guide provided in their ([H6D01S](#)) [VMware vSphere: Install, Configure, Manage \[V5.5\]](#) class

Lab 1: Installing VMware vSphere GUIs

Lab 2: Configuring VMware ESXi

Lab 3: Working with Virtual Machines

Lab 4: Configuring VMware vCenter Server Appliance

Lab 5: Using the VMware vSphere Web Client

Lab 6: Configuring VMware vCenter Single Sign-On

Lab 7: Creating Folders in VMware vCenter Server

Lab 8: Standard Switches

Lab 9: Accessing iSCSI Storage

Lab 10: Accessing NFS Storage

Lab 11: Managing VMware vSphere VMFS

Lab 12: Using Templates and Clones

Lab 13: Modifying a Virtual Machine

Lab 14: Migrating Virtual Machines

Lab 15: Managing Virtual Machines

Lab 16: Managing VMware vSphere vApps

Lab 17: User Permissions

Lab 18: Resource Pools

Lab 19: Monitoring Virtual Machine Performance

Lab 20: Using Alarms

Lab 21: Using VMware vSphere High Availability

Lab 22: Configuring VMware vSphere Fault Tolerance

Lab 23: VMware vSphere Distributed Resource Scheduler

Lab 24: VMware vSphere Update Manager
