

# HPE Training Credits for Networking Services (HH245E/A1)

Hewlett Packard Enterprise Education Services [MEXICO]

With HPE Training Credits for Networking Services, purchasing and managing training is easier than ever. Be sure to include Networking Training Credits with your hardware order.

## HPE Training Credits for Networking Services (HH245E/A1)

### Benefits

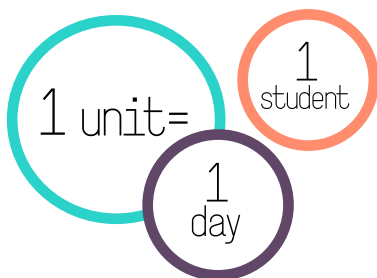

- **Flexible**—Attend training as you need it. There is no need to know student names, dates or even locations in advance.
- **Practical**—Lock in budget dollars by pre-purchasing Training Credits while funding is available.
- **Convenient**—Minimize the time and effort spent on purchasing and managing training. A single purchasing transaction sets up your HPE Training Credits. Once your Training Credits are in place, students simply enroll for classes as needed—no additional funding, purchase orders or approvals are required.

### Features

- Training Credits are valid for 12 months from the date of activation.
- HPE sends a welcome letter with each purchase—so you will know exactly how to select courses, enroll in classes, and redeem your Training Credits.
- Training Credits can be used to attend any training offered by HPE Education Services in the Mexico, including open enrollment classes at HPE Education Centers, live, virtual, instructor-led classes delivered via VILT, and dedicated onsite classes.
- Training Credits units are priced at \$650 USD per day—the cost for one student to attend one day of public, open enrollment HPE Networking training.
- If you choose to use HH245E (Fixed)/HH245A1 (Flexible) outside of the Networking curriculum, then the dollar value of the courses will be redeemed rather than the number of days.

### Need to train a team of 8 or more?

If you need to train 8 or more people for a given course, a dedicated delivery may be more cost effective. Contact your HPE Sales Representative or Authorized HPE Reseller for a custom quote.

With HPE Training Credits for Networking Services, one unit is equal to one day of training for one student in an open enrollment training course. Networking Training Credits are priced at \$650 USD per unit. Exceptions may apply.

# HPE Networking training
