

HPE Additional Time for Storage or Servers Installation and Startup Service

HPE Lifecycle Event Services

These services supplement your purchase of HPE’s Installation and Start-up Support Services by providing you with additional time from a Hewlett Packard Enterprise service specialist to help you complete the installation and startup of your new HPE Storage or HPE servers product. When you purchase the HPE Additional Time for Storage or Servers Installation and Startup Service, a Hewlett Packard Enterprise service specialist will be assigned to your organization, at HPE’s discretion, for either four or eight hours blocks to assist with mutually agreed-upon HPE installation and deployment activities that are managed and directed by you.

Service benefits

- Allows your IT resources to stay focused on their core tasks and priorities
- Provides delivery of the service at a mutually scheduled time convenient to your organization
- Can help you reduce implementation time and cost
- Provides access to expert Hewlett Packard Enterprise technical resources that can help expedite problem resolution
- Provides installation and startup by a Hewlett Packard Enterprise technical specialist
