

# OpenStack® Technology Training Bundle Promotion

Get a free OpenStack Prime Training Subscription with your enrollment in OpenStack training from HPE

## Benefits of the OpenStack Technology Prime Training Subscription

- Keep up with the latest OpenStack updates to continuously refresh your skills
- Gain access to OpenStack expertise and resources through Office Hours, Expert Series events, Delta Seminars, Community and Mentoring Forums
- Access the HPE Virtual Lab environment to learn and experiment on non-production equipment at your convenience

For a limited time, customers who enroll in our **H6C68S/X Fundamentals of OpenStack Technology** (vendor neutral) training course will receive free access to our new **H0MB3S OpenStack Technology Prime Subscription** (\$800 USD value).

## Promotion process

- Attend any session of *H6C68s Fundamentals of OpenStack Technology* (public session or private onsite) that is scheduled between December 5, 2016 and July 30, 2017. View schedules [online](#) to select your session.
- Receive instructions to access your OpenStack Technology Prime Training Subscription after attending H6C68S.
- Access the OpenStack Prime Technology Training Subscription for 6 months after your activation (or through December 31, 2017, whichever comes first).

## Terms and Conditions for the OpenStack

**Technology Training Bundle:** This offer is valid only to students in the US and Canada attending US/CAN session (public or private) sessions of H6C68S/X. Students must complete attendance in H6C68S/X before receiving their free OpenStack Technology Prime Training Subscription. H6C68S attendance must be between December 5, 2016 and July 30, 2017. Free access to OpenStack Technology Prime Subscription components will expire on December 31, 2017. This offer cannot be combined with other promotions. HPE reserves the right to change the terms of this offer, or to terminate it, at any time. HPE terms and conditions apply.

## To purchase

Purchase your enrollment in H6C68s (including free access to H0MB3S OpenStack Technology Prime Subscription for 6 months) using **HPE Training Credits for Cloud Services (H9P11A1/E)**. Three units of H9P11A1/E are required per student.

If you have questions or need additional information, contact your Authorized HPE Reseller or **HPE Education Services sales representative**.
